**WARNING:** All packing materials such as tape, plastic sheets, packaging locks, removable tags, cable ties and packaging screws are not part of this toy and should be discarded for your child's safety.

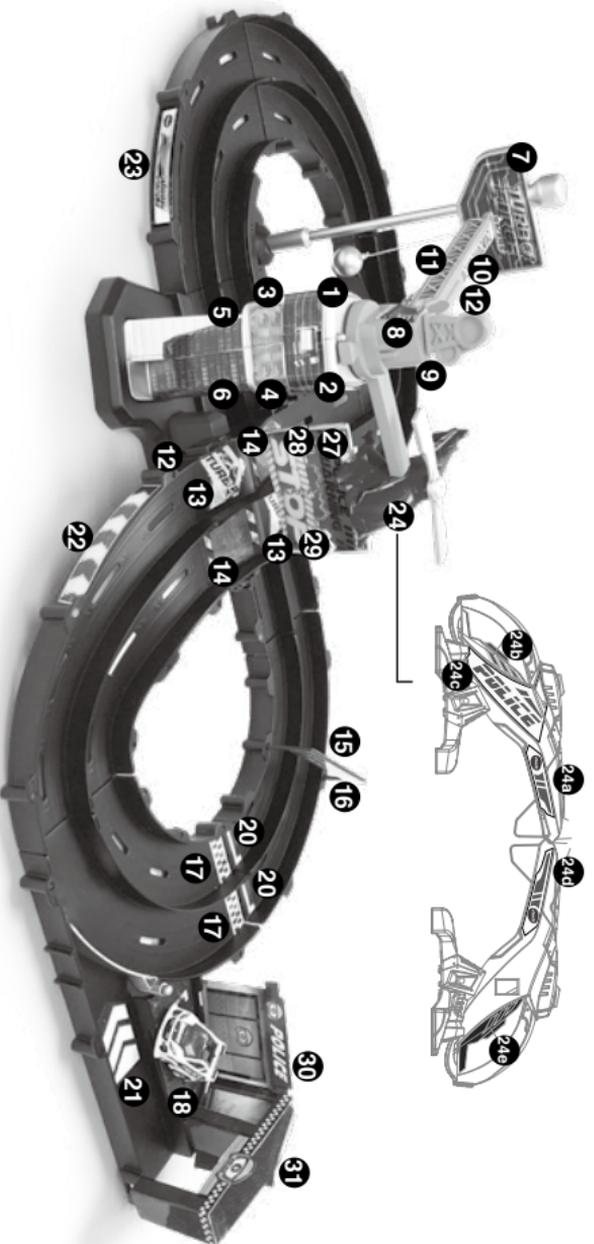

**NOTE:** Please keep this parent's guide as it contains important information.

## LABEL AND CARD APPLICATION

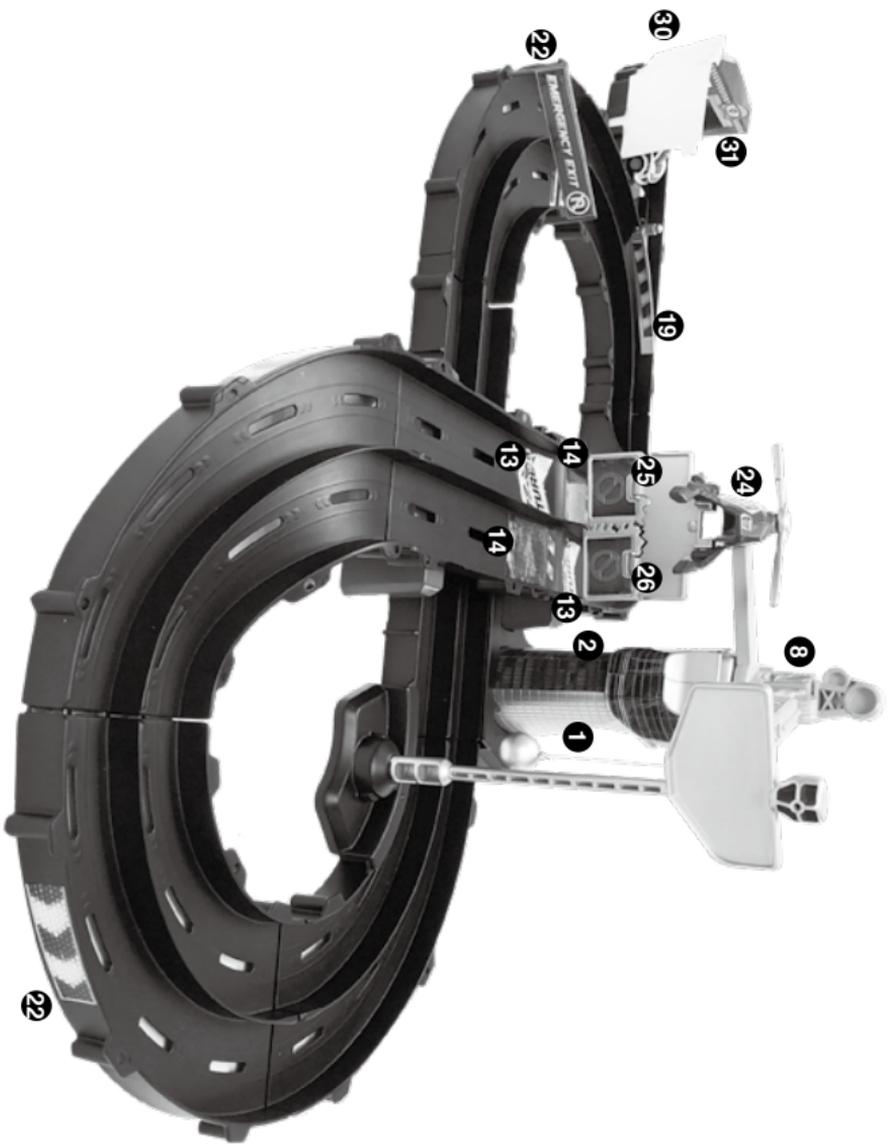

Please stick the labels to the play set and insert the track card to the play set securely as indicated on the following pages:

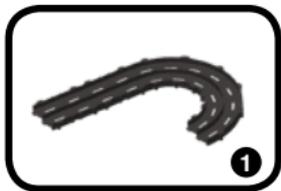

**Note:** Please see the following page for the reverse image of the track set.

# ASSEMBLY INSTRUCTIONS

With the VTech® Turbo Force® Racers Highway Chase, safety comes first. To ensure your child's safety, adult assembly is required.

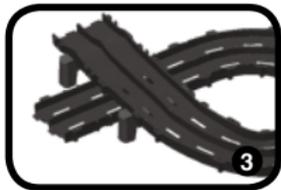

1. First, connect two Straight Track pieces and two Round Track pieces together as shown on the image on the right.

2. Then, connect a Round Slope Track piece with the Round Track piece.

3. Insert the two Highway Piers at the bottom of the Jump Track piece. Then, connect the non-jump end of the Jump Track piece to the Round Slope Track piece. Please refer to the image on the right.

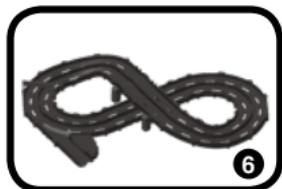

4. Connect the other Round Slope Track piece to the jump end of the Jump Track piece.

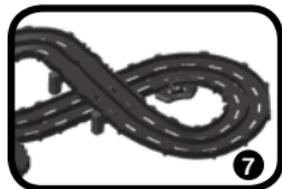

5. Attach the remaining Round Track piece with the Round Slope Track piece. Then, insert the Notice Board above the Round Track piece.

6. Connect the Track Entrance with the Round Track and Straight Track pieces to complete the circuit.

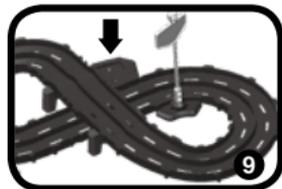

7. Attach the Guidepost Base as shown on the image on the right.

8. Now, insert the Guidepost into the Guidepost Base.

9. Next, attach the Building Base to the Straight Track piece, inserting the Highway Pier leg into the appropriate slot of the Building Base as you do so. Please refer to the image on the right.

10. Insert the Building into the Building Base. You will hear a click sound once the Building has been inserted correctly.  
**Before doing this, please make sure that labels 5 and 6 have been stuck on.**

**Note:** The Building cannot be removed from the Building Base once attached.

11. Hang the Billboard under the Helicopter.  
Please refer to the image on the right.

**We recommend applying the Helicopter and Billboard stickers first.**

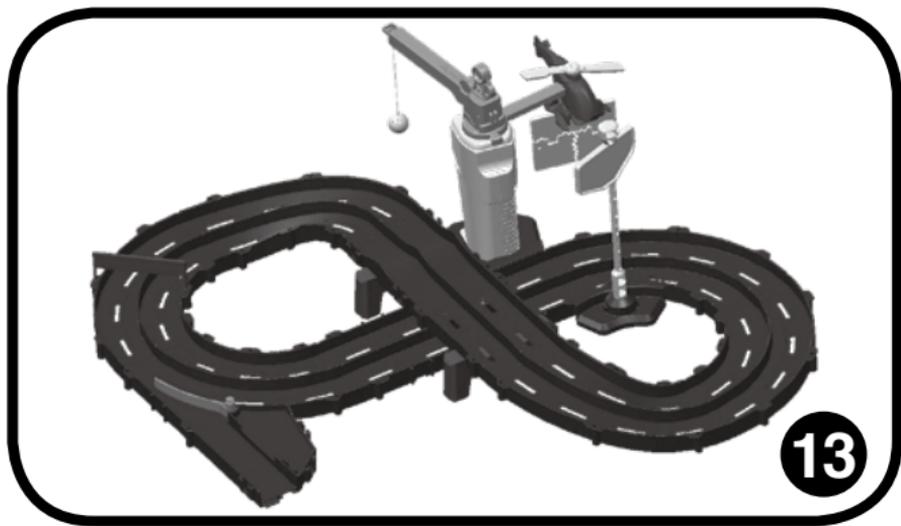

12. Insert the Helicopter to the Building as shown on the image on the right.

13. Insert the Crane Arm into the slot on the roof of the Building. You will hear a click sound once the Crane Arm has been correctly inserted. You're now finished and ready to go!

**Note:** The Crane Arm cannot be removed once attached.

There are even more track configurations! For more fun, try the different configurations shown on the subsequent pages.

**RACE**

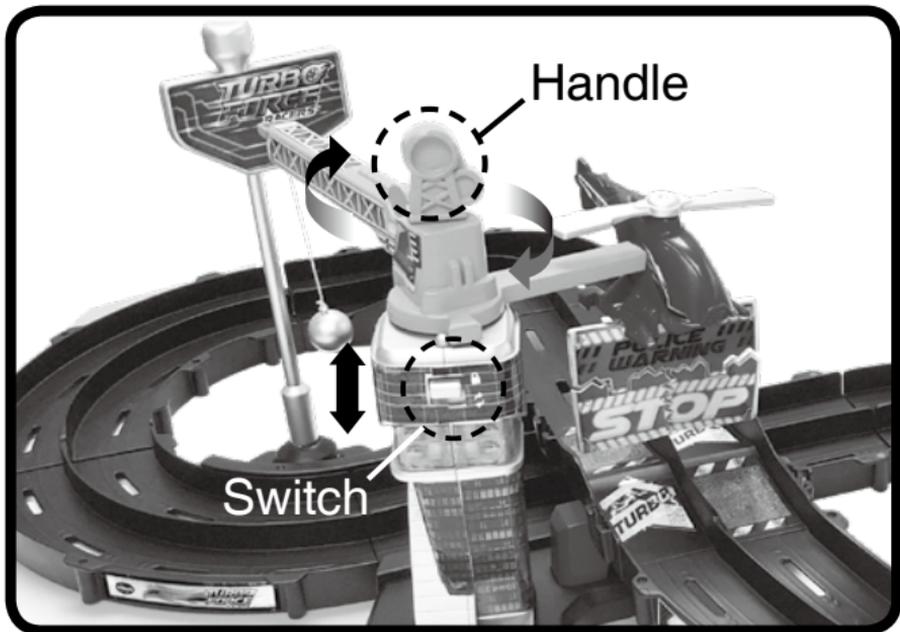

STUNT

## ACTIVITIES

Push up the switch to lock the Crane Arm. Then, twist the handle a few times. After that, push the switch down to rotate the Crane Arm.

**Warning:** Please stay clear of the Wrecking Ball and Police Helicopter whilst they are spinning. **Do not twist the handle more than 20 revolutions, as this may cause damage to the internal structure.**

## CARE & MAINTENANCE

1. Keep the track set clean by wiping it with a slightly damp cloth.
2. Keep the track set out of direct sunlight and away from any direct heat source.
3. Do not drop the track set on hard surfaces and do not expose the track set to moisture or water.

# CONSUMER SERVICES

Creating and developing **VTech®** products is accompanied by a responsibility that we at **VTech®** take very seriously. We make every effort to ensure the accuracy of the information, which forms the value of our products. However, errors sometimes can occur. It is important for you to know that we stand behind our products and encourage you to call our Consumer Services Department with any problems and/or suggestions that you might have. A service representative will be happy to help you.
