Parent's Guide

Birdie Travel Mobile

VTech understands that a child's needs and abilities change as they grow and with that in mind we develop our toys to teach and entertain at just the right level...

vtech Baby

Toys that will stimulate their interest in different textures, sounds and colours

I am...

...responding to colours, sounds and textures

...understanding cause and effect

...learning to touch, reach, grasp, sit-up, crawl and toddle

Birth-36 months

Pre-School

Interactive toys to develop their imagination and encourage language development

I want...

...to get ready for school by starting to learn the alphabet and counting

...my learning to be as fun, easy and exciting as can be

...to show my creativity with drawing and music so my whole brain develops

3-6 years

Electronic Learning Computers

Cool, aspirational and inspiring computers for curriculum related learning

I need...

...challenging activities that can keep pace with my growing mind

...intelligent technology that adapts to my level of learning

...National Curriculum based content to support what I'm learning at school

4-10 years

INTRODUCTION

Thank you for purchasing the **VTech® Birdie Travel Mobile!** The **Birdie Travel Mobile** by **VTech®** is a wonderful mobile for babies on the go, featuring spinning songbirds, lights and soothing music. This compact mobile easily attaches to most cots, prams and baby carriers.

INCLUDED IN THIS PACKAGE

- One **Birdie Travel Mobile** electronic module
- One mobile support post
- One mobile
- Three fabric dangling songbirds
- One claw attachment with a Velcro attachment like strap
- One parent's guide

WARNING: All packing materials such as tape, plastic sheets, packaging locks, removable tags, cable ties and packaging screws are not part of this toy and should be discarded for your child's safety.

NOTE: Please keep this parent's guide as it contains important information.

Unlock the packaging locks:

- ① Turn the packaging lock anticlockwise several times.
- ② Pull out and discard the packaging lock.

GETTING STARTED

BATTERY INSTALLATION

1. Make sure the unit is turned **OFF**.
2. Locate the battery cover on the back of the electronic module. Use a screwdriver to loosen the screws.

3. Install 3 new AA (AM-3/LR6) batteries following the diagram inside the battery box. (The use of new alkaline batteries is recommended for maximum performance.)
4. Replace the battery cover and tighten the screws to secure.

BATTERY NOTICE

- Use new alkaline batteries or fully charged NI-MH (Nickel Metal-hydride) rechargeable batteries for best performance.
- Use only batteries of the same or equivalent type as recommended.
- Do not mix different types of batteries: alkaline, standard (carbon-zinc) or rechargeable, or new and used batteries.
- Do not use damaged batteries.
- Insert batteries with the correct polarity.
- Do not short-circuit the battery terminals.
- Remove exhausted batteries from the toy.
- Remove batteries during long periods of non-use.
- Do not dispose of batteries in fire.
- Do not charge non-rechargeable batteries.
- Remove rechargeable batteries from the toy before charging (if removable).
- Rechargeable batteries are only to be charged under adult supervision.

Disposal of batteries and product

The crossed-out wheellie bin symbols on products and batteries, or on their respective packaging, indicates they must not be disposed of in domestic waste as they contain substances that can be damaging to the environment and human health.

The chemical symbols Hg, Cd or Pb, where marked, indicate that the battery contains more than the specified value of mercury (Hg), cadmium (Cd) or lead (Pb) set out in Battery Directive (2006/66/EC).

The solid bar indicates that the product was placed on the market after 13th August, 2005.

Help protect the environment by disposing of your product or batteries responsibly.

DEMO TAG

The demo tag should be removed automatically when the product is taken out of the packaging. This will activate normal play. If the demo tag is still in position, please remove the plastic strip from the back of the product before placing on a cot, pram or baby carrier.

With the **VTech® Birdie Travel Mobile**, safety comes first.

- Keep the mobile out of baby's reach. To avoid entanglement injuries, please remove the mobile portion from the cot once baby begins sitting or pushing up on all fours.
- Age range of mobile - Birth to 5 months.
- The mobile is intended for visual stimulation and is not intended to be grasped by a child.
- Always attach all provided fasteners (strings, straps, clamps, etc) tightly and according to the instructions. Check frequently. Attach only to cots with sturdy rails, spindles or sides.
- **WARNING:** Do not use this mobile on cots or travel cots with fabric sides.
- **WARNING:** When using on car seats make sure that the mobile is above your child's face height.
- Do not add additional strings or straps.
- To ensure your child's safety, this product should be assembled by an adult.
- Ensure you use the correct attachment and secure the mobile correctly according to the instructions.
- **NEVER** use this product in a motor vehicle. Death or serious injury can occur from hard objects in the event of a motor vehicle accident.

ASSEMBLY INSTRUCTIONS

To ensure your child's safety, adult assembly is required. Please ensure that the cot attachment clamp is securely locked into position to avoid injury. Follow the instructions below carefully and make sure that the final assembly is correct.

1. Attach the three fabric songbirds to the mobile. Thread the cord from one of the fabric songbirds up through the hole in the bottom of one of the leaves, then thread it down through the hole on the opposite side. Secure the loop over the notch on the underside of the leaf. Pull gently on the songbird to make sure it is securely fastened. Follow the above instructions for the remaining songbirds.

2. Attach the mobile to the bottom of the electronic module. You will hear the mobile click into place when inserted correctly.

3. Attach the mobile support post to cots with rails that are between 1.02cm and 3.98cm wide. Twist the green sleeve to tighten the clamp to the cot rail. Pull slightly on the support post to make sure the clamp has been securely fastened. Please check the support post frequently to ensure it is still secure.

4. Attach the electronic module to the support post by pressing the small green button on the support post while sliding the electronic module onto the support post. Check to make sure the electronic module is attached securely to avoid injuries.

5. To use the mobile as a travel mobile, remove the electronic module from the mobile support post by pulling gently on the electronic module while pressing the green button on the support post.

6. Thread the Velcro like attachment strap through the slot on the top of the electronic module, then secure the Velcro like attachment strap together.

7. Use the Velcro like attachment strap or the claw attachment to attach the mobile to baby carriers and prams. Always check to make sure the mobile is attached securely to avoid injuries.

PRODUCT FEATURES

1. On/Off/Mobile Switch

To turn the unit **ON**, slide the **On/Off/Mobile Switch** to the **Turning Mode** (🎵) or the **Stationary Mode** (🎵) position. To turn the unit **OFF**, slide the **On/Off/Mobile Switch** to the **OFF** position.

2. Timer Switch

Slide the **Timer Switch** to the 10, 20 or 30 minute position.

3. Volume Buttons

To adjust the volume, press the **VOLUME +** and **VOLUME -** buttons.

4. Night Light Button

Press the **Night Light Button** to turn the night light **ON** or **OFF**. This feature only works when the mobile is connected to the mobile support post.

5. Sound Sensor

The **Birdie Travel Mobile** is equipped with a special sound sensor. To preserve battery life, the sound sensor will only function when the mobile is connected to the mobile support post. Once the selected time setting has ended, the unit will automatically power down. The sensor will reactivate the program when it detects your baby's cry for several seconds without interruption.

6. Automatic Shut Off

To preserve battery life, the **Birdie Travel Mobile** will automatically power down after the selected time has ended. The unit can be turned on again by pressing any button.

Note: If the unit repeatedly powers down quickly or the light up button fades out, we suggest changing the batteries.

ACTIVITIES

1. On/Off/Mobile Switch

Slide the **On/Off/Mobile Switch** to turn the unit on. You will hear a soothing phrase followed by relaxing music. Either set the mobile to the Turning Mode or the Stationary Mode.

2. Light Up Button

Press the **Light Up Button** to change to the next song or melody. Hold down the light up button to hear a short tune. The light up button will fade in and out with the sound when the electronic module is removed from the mobile support post.

36. Clementine
37. Molly Malone (Cockles and Mussels)
38. Goodnight Ladies
39. Alouette
40. Beautiful Dreamer

SONG LYRICS

Song 1

Hush, little baby, don't say a word.
Mama`s gonna buy you a mockingbird.
And if that mockingbird won't sing.
Mama`s gonna buy you a diamond ring.

Song 2

Sleep, my child, and peace attend thee.
All through the night.
Guardian angels I will send thee.
All through the night.

Song 3

Row, row, row your boat.
Gently down the stream.
Merrily, merrily, merrily, merrily.
Life is but a dream.

CARE & MAINTENANCE

1. Keep the unit clean by wiping it with a slightly damp cloth.
2. Keep the unit out of direct sunlight and away from any direct heat sources.
3. Remove the batteries when the unit is not in use for an extended period of time.
4. Do not drop the unit on a hard surface and do not expose the unit to excess moisture.
5. The songbirds are hand washable. Please remove the electronic module and follow the care instructions on the label.

TROUBLESHOOTING

If for some reason the program/activity stops working or malfunctions, please follow these steps:

1. Turn the unit **OFF**.
2. Interrupt the power supply by removing the batteries.
3. Let the unit stand for a few minutes, then replace the batteries.
4. Turn the unit back **ON**. The unit will now be ready to play again.
5. If the unit still does not work, replace with an entire set of new batteries.

If the problem persists, please contact our Consumer Services Department and a service representative will be happy to help you.
